

Hello <Customer's Name>,

I trust you are doing well.

I am following up on the case in the subject. As discussed in our previous conversation, we were about to carry out the following action items on the impacted device and observe the results:

1. Action Item 1
2. Action Item 2
3. Action Item 3 and so on

As I did not hear back from you, I was wondering if you got a chance to test the suggested course of troubleshooting and observe the behavior.

If you need any assistance with the suggested plan of action or have any questions, please feel free to reach out. We would be more than happy to assist you.

Have a great day ahead!
